

## Year 1 Summer Home Learning Menu

Following on from the recent weekly home learning schedules, we have created a menu of lessons/activities which will help to further prepare pupils for a September return to school. Please do not upload any work to Class Dojo as this will not be accessed by teachers due to class groups being updated over the Summer break.

### English

#### Instructions - Eddie's Garden

##### Lesson 1

In this lesson, you will listen to the story of Eddie's garden and then answer some questions about it. You will need a piece of paper and a pencil. Click [here](#).

##### Lesson 2

In this lesson, you will be doing an instruction map so that you can remember the key parts of planting a seed. You will need a piece of paper, plain if you have it, and a pencil. Click [here](#).

##### Lesson 3

This lesson is all about plural nouns. You will be learning about adding the suffix -s to a noun to make it plural. Click [here](#).

##### Lesson 4

It is writing day. You will start to write our instructions today, using your instruction map to help you. You will need a piece of paper, lined if possible, and a pencil. Click [here](#).

##### Lesson 5

Today you will finish off your writing and then edit your work, making sure that you have punctuated your instructions accurately. Click [here](#).

-----  
Click [here](#) for a fun game that teaches children about sentences, punctuation and prefixes and suffixes.

Fun missions where children need to use their reading and listening skills can be found [here](#).

### Maths

#### Time

Click [here](#) to learn the reasons why we need to be able to tell the time and to tell the time to the hour using the hour and the minute hand on an analogue clock.

A worksheet can be found [here](#), along with the answers [here](#).

#### Recognising coins

Learn how to sort coins and recognise what is the same and different about them. Order the coins e.g. smallest to greatest value. Learn how to compare the values of coins by using 'greater than' and 'less than'. Click [here](#).

A worksheet can be found [here](#), along with the answers [here](#).

#### Fractions - Half

Click [here](#) to learn how to find half by understanding equal amounts and equal pieces. Look at pictures of one half and identify what one whole would look like.

A worksheet can be found [here](#), along with the answers [here](#).

#### Fractions - Quarter

Learn how to find one quarter and recognise a half and a quarter by looking at equal pieces. Recognise the similarities and differences of images that show one quarter. Click [here](#).

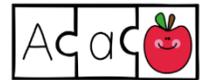

A worksheet can be found [here](#), along with the answers [here](#).

-----  
Click [here](#) to practise doubling, number bonds, multiplication and more.

Click [here](#), select Year 1 and access a range of quiz style activities with explanations when you make a mistake.

## Phonics

### **Phonics Play**

[Here](#) is a link to Phonics Play games which are free and you can choose from a selection of games and identify which sounds you would like to practise.

### **Phonics Bloom**

Phonics bloom has a range of games that involve applying phonic skills, including reading sentences and adding suffixes. Click [here](#) to access.

## Topic

*We are looking to see how creative you are. There are some great ideas on Oak Academy's website for creating artistic masterpieces!*

### **Challenge 1: To investigate the colours**

In this lesson you will be creating a piece of work inspired by an artist called Andy Goldsworthy. You use items from nature, these can be from a local park or your garden. This lesson requires you to use petals, leaves, sticks and other items to make a colourful picture. If you have already been on your walk, run or cycle, don't worry you can do this activity tomorrow. Or you can get extra creative and use colourful items from your home, like toys, fruit or clothes. Click [here](#).

### **Challenge 2: To create repeated patterns**

In this lesson, you will be learning about patterns and how to create them. The artwork is inspired by an incredible artist called William Morris. His work includes wallpaper design and print, furniture, stained glass windows, tiles and tapestries. You will need a piece of paper and a pencil to create a wonderful piece of artwork. Click [here](#).

### **Challenge 3: To make a self-portrait using natural or recycled materials**

In this lesson, you will be learning all about the artist Jane Perkins, she is a British artist who uses recycled materials to make portraits. This would be a great piece of art work to show your new class teacher in September. Click [here](#).
